APPLICATION NO.: DN/A-21:115

APPLICANTS: Owners R. & K. Leggat

SUBJECT PROPERTY: Municipal address **6 Pleasant Ave., Dundas**

ZONING BY-LAW: Zoning By-law 3581-86, as Amended

ZONING: "R2" (Single Detached Residential) district

PROPOSAL: To permit the conversion of a single detached dwelling to allow for the creation of a second dwelling unit, notwithstanding that:

1. The required parking shall consist of two (2) two parking spaces instead of the required three (3) parking spaces for a converted dwelling;
2. Parking spaces shall be permitted within the required front yard, whereas no parking is permitted within the required front yard.
3. No manoeuvring spaces shall be provided for the required parking spaces, whereas the Zoning By-law requires 6.0 metre wide maneuvering spaces for 90 degree parking spaces which are to be provided entirely within the bounds of the parking areas within which such spaces are located.

NOTES:

1. The variance is written as requested by the applicant except an additional variance has been included to address the number of parking spaces.
2. The Dundas Zoning By-law requires the provision of three (3) parking spaces for a converted dwelling which consist of two (2) dwelling) units. Each parking space is required to be unobstructed and have a separate manoeuvring space.
3. The submitted site plan did not show the front property line correctly. The property line appears to be drawn to the sidewalk line instead of the actual lot line. The actual driveway does not provide sufficient depth for manoeuvring spaces based on the parking that is proposed.

This application will be heard by the Committee as shown below:

Additional sheets can be submitted if there is not sufficient room to answer the following questions. Additional sheets must be clearly labelled

4. Nature and extent of relief applied for:

Would like to change home from single family residential to a two family home. We are told the current Dundas Bylaw requires all parking for a two family home conversion to be in the rear yard as per Evan, Permit examiner. We would instead like to satisfy parking requirements in the front yard with a more

5. Why it is not possible to comply with the provisions of the By-law? traditional layout.

It may be possible to comply however parking and manoeuvring would be very difficult, the entire backyard would become parking only, and the front yard is very large, being a much more ideal place.

6. Legal description and Address of subject lands (registered plan number and lot number or other legal description and where applicable, **street and street number**):
