RECOMMENDATION

That the Treasurer be authorized and directed to file the amendment to Section 8.01 to the Hamilton Street Railway (HSR) Pension Plan, per Appendix 'A' to report FCS21051 with the applicable government agencies.

EXECUTIVE SUMMARY

It is recommended that the HSR pension plan be amended to comply with changes to the Pension Benefit Act (PBA). New funding rules were introduced May 1, 2018 requiring plans to fund a Provision for Adverse Deviation (PfAD) on a going concern basis. The Act requires that the plan be amended to specify the obligation of the employer to contribute to the PfAD.

HISTORICAL BACKGROUND

On May 19, 2017 the Ministry of Finance announced proposed reforms to the funding framework for defined benefit pension plans. On April 20, 2018 the final regulations were released, and any valuation dated on or after December 31, 2017 must reflect the new funding rules which came into force on May 1, 2018.

POLICY IMPLICATIONS AND LEGISLATED REQUIREMENTS

An Application for Registration of a Pension Plan Amendment (Form 1.1) must be filed with the Financial Services Regulatory Authority of Ontario (FSRA) and an *Application to Amend a Registered Pension Plan* (T920) must be filed with Canada Revenue Agency (CRA), accompanied by the resolution adopting the amendment.

RELEVANT CONSULTATION

AON Hewitt Inc prepared the HSR plan text amendment, attached as Appendix 'A' to report FCS21051.

ANALYSIS AND RATIONALE FOR RECOMMENDATION

The new funding rules introduced the concept of a PfAD into the PBA, which is basically the creation and funding of a reserve within a defined benefit plan. The objective of the PfAD is to provide a buffer against future adverse experience, thereby enhancing retirement income security. The amount of the PfAD will depend on the level of risk in the plan according to criteria specified in the PBA Regulations. Contributions to fund the PfAD will be required in respect of going concern liabilities. The amount of the PfAD for a defined benefit plan will be adjusted based on the following three factors:

- 1. Fixed Component** - a base percentage based on whether the plan is open (4%) or closed (5%) to new members, and

- 2. Asset Mix Component** - a percentage depending on the target asset allocation of the pension plan as set out in the plan's Statement of Investment Policies and Procedures (SIPP), and in accordance with a table in the PBA Regulations, and
- 3. Discount Rate Component** - a percentage reflecting the excess of the plan's going concern discount rate over a benchmark discount rate determined by detailed formulas set out in the PBA Regulations.

The new legislation also requires that the plan text be amended within twelve months of the date of the first valuation report filed under the new funding rules, to include (a) the obligations of the employer to contribute to the PfAD, (b) the funding of additional going concern liabilities (c) and any solvency deficiency.

The HSR Pension plan valuation at January 1, 2020 includes the new funding rules and was filed December 7, 2020. As a result, an amendment must be made to Article 8.01, respecting employer contributions to the plan, on or before December 7, 2021.
