

6.5(a)

ADVISORY COMMITTEE FOR PERSONS WITH DISABILITIES

Strategic Planning Working Group (SPWG)

Monday July 26, 2021

4:00p.m.

Present: Patty, Tom, Mark, James, Aznive

Regrets: Anthony, Paula, Jayne

1. We can have agenda packages mail to us by request. Please let me or Alicia know if you wish to have this. Usually working group notes are sent with the agenda package

2. Each of us should remember to let me know if we should request Jo-Ann to participate if discussions may impact on police business and if she is available.

3. 4.2 Air quality, has an active engage website and ACPD members encouraged to look this up and to participate.

4. 4.3 for the upcoming election alternative voting methods, poll locations and training considerations are being considered. Will let us know when they will present their findings at GIC meeting. ACPD as a committee and individuals are encouraged to make delegation presentations.

5. 4.4 Ward 8 complete streets project, reached out if any ACPD members wish to be on the Ward 8 residence advisory Council, aiming to deliver some pop-up interventions over the summer, and we want to ensure that those interventions are vetted by people who interact with the streets using different modes of transportation, and with different abilities. We would be looking for someone to join us for 2 meetings between now and mid-August to provide their feedback and help us prioritize locations for interventions.

6. Further discussion on the transportation ATS Eligibility Audit. It was decided that ACPD as a committee and individuals make presentations. Must make it very clear to councilors cutting costs on the backs of persons with disabilities will be tragic.

6. Strategic Planning Working Group will meet on a bimonthly basis. Day and time to be announced

7. Adjourned at 5:10 PM.
