**Re: Severance Application Submission
408 Upper Horning Road, City of Hamilton**

Dear Madam,

On behalf of our clients, we are pleased to provide you with the enclosed submission in support of an application for consent to sever for the subject lands. Please find the following enclosed materials:

1. A cheque in the amount of \$2,860.00 made payable to the City of Hamilton, in payment of the requisite application fees;
2. One (1) Electronic copy of signed and executed Severance Application form.
3. One (1) Electronic copy of a Severance Sketch, Prepared by F.S Surveying Inc, dated June 4, 2021.

The proposed development consists of a severance application to sever one parcel of land from the existing lot at 408 Upper Horning Road, in the City of Hamilton. The proposed severed and retained parcels are identified as Parts 1 & 2, respectively on the enclosed severance sketch. Currently, there exists a single-detached dwelling and accessory building on the subject lands which are intended to be demolished in favour of the proposed redevelopment. The resultant lots are as follows:

Proposed Lot	Frontage	Area
Part 1	15.24m	1,014m ²
Part 2	15.24m	1,063m ²

A concurrent minor variance application will be submitted upon approval of the severance application. It is anticipated that as a condition of approval, a Minor Variance Application will need to be submitted and approved in order to finalize the severance.

Urban Hamilton Official Plan (UHOP)

The subject lands are designated “Neighbourhoods” on Schedule E-1 of the Urban Hamilton Official Plan. The “Neighbourhoods” designation permits single-detached dwellings. Further, the “Neighbourhoods” designation encourages intensification that is compatible with the existing neighbourhood-built form and a lot fabric that is compatible with the existing lot fabric found in the existing neighbourhood.

Further, this neighbourhood is classified as a low-density neighbourhood. Low-density neighbourhoods permit single-detached dwellings having maximum density of 60 units per hectare. Accordingly, the proposal would achieve a density of approximately 10 units per hectare, as such the proposal would conform to the UHOP.

Chapter F of the UHOP outlines the applicable policies for residential intensification within the Neighbourhoods designation.

F.1.14.3.1 Consents for new lot creation, for both the severed and retained lands, for residential uses in the “Neighbourhoods” designation shown on Map E-1 – Urban Land Use Designation, shall be permitted provided the following conditions are met:

- a) The lots comply with the policies of this Plan, including secondary plans, where one exists;*
- b) The lots comply with existing Neighbourhood Plans;*
- c) The lots are in conformity with the Zoning By-law or a minor variance is approved;*
- d) The lots reflect the general scale and character of the established development pattern in the surrounding area by taking into consideration lot frontages and areas, building height, coverage, mass, setbacks, privacy and overview;*
- e) The lots are fully serviced by municipal water and wastewater systems; and,*
- f) The lots have frontage on a public road.*

Accordingly, the proposed lots have frontage onto a public road, are serviced and comply with the intent of the policies within the UHOP, including managing appropriate intensification within the “Neighbourhoods” designation.

The proposed lots are consistent with the general lot fabric of the neighbourhood and can facilitate the construction of single-detached dwellings which are compatible with the neighbourhood. Upon approval of the subject applications, single-detached dwellings will be erected upon each lot.

Based on the foregoing, the severance conforms to the Urban Hamilton Official Plan, including the policies which speak to facilitating a compatible form of intensification within the neighborhoods. The proposal has sufficient regard to the matters listed under Section 51 (24) of the *Planning Act*.

City of Hamilton Zoning By-law No. 05-200

The property is zoned “B - Suburban Residential” in Hamilton Zoning By-law 6593. The current zone permits single-detached dwellings. The proposed lots will require the following variances to facilitate the severance application:

1. To permit the proposed lots (Parts 1 and 2) to have a minimum lot size of 1,014m² and 1,062m² respectively, whereas the By-law requires a minimum lot size of 1,100m².
2. To permit a minimum lot frontage of 15.24m whereas a minimum lot frontage of 20m is required.

In our opinion, the variances are appropriate and meet the four requisite tests as per the Section 45(1) of the *Planning Act*. Additional justification will be submitted along with detailed drawings of the proposed lots in order to finalize this severance application.

I trust this is satisfactory for your purposes and thank you for your co-operation in this matter.

We look forward to being scheduled to the next available Committee date. Should you have any questions or require additional information, please do not hesitate to contact our office.

Yours very truly,

Ryan Ferrari, BURPI, CPT
