Re: Severance Application
49 Eleanor Avenue, Hamilton

Dear Madam,

Please accept the attached materials in support of an application for municipal consent (severance) on the subject lands. The subject submission proposes to sever the rear portion of the subject lands, shown as Part 2 on the attached sketch and add it to the lands to the east.

The subject lands are irregular in shape, with Part 1 having an approximate frontage of ± 12.20 metres along Eleanor Avenue and an approximate depth of ± 30.49 metres. Part 2 has an approximate frontage of ± 13.67 metres along Eaglewood Drive once Eaglewood Drive is extended westerly from the east and an approximate depth of ± 39.62 metres. The lands are zoned Urban Protected Residential "C" District under the City of Hamilton Zoning By-law 6593.

The lot frontage and area requirements of the "C" District are 12 metres and 360 square metres respectively. The property to which part 2 is to be added has a small amount of frontage onto Eaglewood Drive and this proposed severance will not affect this existing situation. The lands being severed will comprise part of land assembly to facilitate orderly development through a draft plan of subdivision application.

Policy Consistency and Conformity

Further to question 5.1 of the attached application form, the following is submitted:

"Please provide an explanation of how the application conforms with a City of Hamilton Official Plan"

The subject land is located within the "Neighbourhoods" designation within the City's Urban Hamilton Official Plan (UHOP). Section E.3.0 provides policies for lands designated "Neighbourhoods" on Schedule E-1 (Urban Land Use Designations). The designation is broadly supportive of the development of complete communities that are made up of more than just homes but include a variety of land uses. The proposal conforms to the applicable policies of the "Neighbourhoods" designation, as it is a permitted use and will conform to the "Neighbourhoods" policies related to function, scale, and design by way of a future plan of subdivision consistent with the lot fabric within the area.

In addition to the designation specific policies of the UHOP, the proposed severance application is reviewed against the residential intensification policies of Section B.2.4 of the UHOP.

Residential Intensification

The City's residential intensification policies state that 40% of the City's intensification target is to be accommodated within the "Neighbourhoods" designation (Pol. 2.4.1.3 c). With respect to the evaluation criteria outlined in Policy B.2.4.1.4, the proposal will enable appropriate land assembly for a future plan of subdivision which is of compatible built form and character to surrounding development, which consists of similar land uses, and will integrate well with surrounding development in terms of use, scale, form, and character. Accordingly, the proposal generally satisfies the criteria outlined in Policy B.2.4.1.4.

Section B.2.4.2 of the UHOP deals specifically with residential intensification within the "Neighbourhoods" designation. Policy 2.4.2.2 of the UHOP outlines further evaluation criteria for residential intensification within the "Neighbourhoods" designation. The proposal will facilitate land assembly for a future plan of subdivision consisting of single-detached lots. The future single detached dwellings are intended to be similar in terms of height and massing to the surrounding neighbourhood. Accordingly, the proposed development satisfies the criteria outlined in Policy 2.4.2.2.

Provincial Policy

Further to questions 7.1 a), b) & c) of the attached application form, the following is submitted:

"Is this application consistent with the Policy Statements issued under subsection "2" of the Planning Act?"

The proposed development has sufficient regard for the matters of provincial interest outlined in subsection 2 of the *Planning Act*.

"Is this application consistent with the Provincial Policy Statement (PPS)?"

This property is appropriate for land assembly and future development as it is within a settlement area as defined in the PPS, and settlement areas shall be the focus of growth. The subject lands are also within the built-up area and the proposed consent application will facilitate compatible residential intensification through land assembly and infill development on full municipal water and wastewater services, and with frontage on a municipal road which will be part of a future plan of subdivision. Furthermore, the application is consistent with the PPS with respect to Section 3.1 - Natural Hazards, which directs development outside of the hazardous lands adjacent to the shorelines of the Great Lakes. As such, this application is consistent with the PPS (2020).

"Does this application conform to the Growth Plan for the Greater Golden Horseshoe?"

The Growth Plan (2019) stresses the importance of optimizing the existing supply of land already within the built-up area for urban development (intensification) within the Greater Golden Horseshoe to avoid over-designating new land for future urban development. The

proposal is consistent with the Growth Plan as it will encourage residential intensification through land assembly, infill development and will optimize the use of existing infrastructure to support growth in a compact, compatible, and efficient form. As such, the proposal conforms to the Growth Plan.

As required for the above-noted application, please find attached the following:

1. A cheque in the amount of \$ \$2,860.00 made payable to the *City of Hamilton* in payment of the Application Fee.
2. A copy of the completed and signed Application Form.
3. One (1) copy of the Severance Sketch reduced to 11x17.

Yours very truly,

Stephen Fraser, RPP, MCIP

11 OTHER INFORMATION

Is there any other information that you think may be useful to the Committee of Adjustment or other agencies in reviewing this application? If so, explain below or attach on a separate page.

The subject application will sever Part 2 on the attached sketch and add it to the lands to the east for future development by way of a plan of subdivision. Part 1 will become the remnant lands to allow the future construction of a single-detached dwelling.

12 SKETCH (Use the attached Sketch Sheet as a guide)

12.1 The application shall be accompanied by a sketch showing the following in metric units:

- (a) the boundaries and dimensions of any land abutting the subject land that is owned by the owner of the subject land;
- (b) the approximate distance between the subject land and the nearest township lot line or landmark such as a bridge or railway crossing;
- (c) the boundaries and dimensions of the subject land, the part that is intended to be severed and the part that is intended to be retained;
- (d) the location of all land previously severed from the parcel originally acquired by the current owner of the subject land;
- (e) the approximate location of all natural and artificial features (for example, buildings, barns, railways, roads, watercourses, drainage ditches, banks of rivers or streams, wetlands, wooded areas, wells and septic tanks) that,
 - i) are located on the subject land and on land that is adjacent to it, and
 - ii) in the applicant's opinion, may affect the application;
- (f) the current uses of land that is adjacent to the subject land (for example, residential, agricultural or commercial);
- (g) the location, width and name of any roads within or abutting the subject land, indicating whether it is an unopened road allowance, a public travelled road, a private road or a right of way;
- (h) the location and nature of any easement affecting the subject land.

13 ACKNOWLEDGEMENT CLAUSE

I acknowledge that The City of Hamilton is not responsible for the identification and remediation of contamination on the property which is the subject of this Application – by reason of its approval to this Application.
