

The vendors of the Hamilton Farmers' Market want to have the Hamilton Farmers Market Stallholders Association Inc. represent the vendors in areas of operations, marketing, and financial input. There needs to be a change in our governance structure. The Citizen members do not have expertise in operating a business, or market experience and the majority have not been market customers. The vendors will conduct their own election and select their representatives to negotiate the business needs of the Stallholders of the Hamilton Market.

Name	Business	Signature
Rick Short	Ridge Road Winery	
F. Clarke	LINA'S PASADENA

Pauline	Baby's Bath + Boutique

To the Hamilton Farmers' Market Board & City of Hamilton;

We the undersigned Hamilton Farmers' Market Stall Holders and/or their authorized representatives believe the nomination and acclamation of new board members to the Hamilton Farmers' Market Board without an election was done improperly and we demand that the nomination process be repeated to ensure a fair and democratic election and representation for the vendors. We are also demanding an amendment be made to the Hamilton Farmers' Market board by-laws to ensure we can choose to nominate and vote for any stallholder we choose regardless of number of times served. If a stallholder is nominated by a vendor, it should be up to the stallholders to decide if they are accepted.

We believe that there are a many issues with how this process was executed including but not limited too:

- 1: Some stalls were closed due to government restrictions and not all stallholders were aware the process was happening in the eligible time frame to run or be nominated
- 2: The Hamilton Farmers' Market Manager was observed soliciting some stallholders to join and not others creating a perception of bias and a conflict of interest
- 3: Other vendors not being solicited by the Hamilton Farmers' Market Manager might have been discouraged from running based on being excluded from the conversation
- 3: Nomination forms should have been distributed to every booth and collected with two options "Abstain" & "Nomination:" and the person completing it
- 4: Candidates desired by vendors were denied opportunity to run

Sincerely;

The Hamilton Farmers' Market Stallholders and/or authorized representatives signed below
