Honourable Christine Elliott
Ministry of Health
777 Bay Street, 5th Floor
Toronto, ON M7A 2J3

Dear Minister Elliott:

On behalf of the Board of Health for the Simcoe Muskoka District Health Unit (SMDHU), I commend the strong progress being made in bringing COVID-19 under control through the public health measures and the vaccination campaign directed by the provincial government of Ontario. We continue to work collectively to complete the “final mile” of vaccination of the population while simultaneously continuing all activities of COVID-19 surveillance and case management/contact tracing.

The COVID-19 work has required an unprecedented quantity of resources, particularly human resources. Accordingly, boards of health have had to significantly augment their staffing specifically for the Mass Immunization Clinics. Salaries and related expenses of this greatly enhanced workforce (including transportation, supplies and equipment) have only been partially managed by the funding received from the province on July 22, 2021. SMDHU only received 42% of its COVID-19 funding request and costs to date have far exceeded that funding. To add to 2021 cash flow pressures, SMDHU would require the hiring of nursing and administrative staff to implement the provincially mandated vaccine clinics for 5–11-year-olds in Simcoe County and the District of Muskoka as well as implement the “booster” clinics for specific populations. With no immediate COVID-19 funding, these pressures for the end of 2021 compound finance issues for SMDHU and will potentially impede our ability to finance the human resources required.

The SMDHU Board of Health via management staff have been in active communication with Ministry of Health staff specifically related to the one-time funding COVID-19 requests. Unfortunately, the Board of Health experienced cash flow issues in July due to the lack of COVID-19 funding from the Ministry of Health to the point, that the Board was forced to seek approval from its four obligated municipalities to borrow from a bank up to \$5M to cover salaries and expenses for COVID-19 activities. SMDHU also sought and received from the Ministry of Health an advance in funding for the Ministry portion of the cost-shared budget to ensure that payroll commitments and the payment of vaccination expenses could be met. On October 20, 2021, the Board of Health approved a motion requesting that boards of health immediately receive the *COVID-19 Extraordinary Costs* and COVID-19 Vaccine Extraordinary Costs funding as articulated in SMDHU’s Q2 financial statement and that the Ministry of Health commit in writing to:

- (1) extend COVID-19 funding in 2022;
- (2) establish funding in 2022 for public health recovery activities; and,

- (3) increase provincial funding for public health base budgets proportional to the municipal levy increase needed in 2022 to maintain capacity for public health program delivery.

The financial pressure from not having access to the required amount of COVID-19 funding from the province, with the simultaneous requirement to respond to the pandemic through surveillance, case and contact management, outbreak response, education and enforcement of the changing requirements of the *Reopening Ontario (A Flexible Response to COVID-19) Act*, and the vaccination of the population has placed the Board in a precarious financial situation. If there is not sufficient funding from the province, there is also a sizeable risk that SMDHU will have a large year-end deficit moving into 2022 based on 2021 COVID-19 expenses that may require a large municipal levy increase to eliminate the deficit and to address the response needs in 2022.

For these reasons the SMDHU Board of Health urges the provincial government to approve and immediately flow the amount required by each health unit of one-time *COVID-19 Extraordinary Costs* and *COVID-19 Vaccine Program Extraordinary Costs*.

Thank you for considering this urgent matter.

Sincerely,
