**Subject:** RE: I am sharing 'Response to Application for Official Plan Amendment and Zoning By' with you

We are not against growth of the main corridor ( Wilson Rousseaux)We are against hight increases and want to see control over elevations of new buildings that reflect the feel of Heritage Ancasters character as a Historic Village. Traffic impact is also a huge concern living and moving back and forth to work in gridlock all the time as is let alone with any additional traffic.

We support Bob Matons concerns and that is why we have included them.

Hope this clarifies

John Allan
