Subject: Environment and Climate Change Canada Recovery Planning Document on the Species at Risk Public Registry / Document de planification du rétablissement d'Environnement et Changement climatique Canada dans le Registre public des espèces en péril

On March 17, 2022, Environment and Climate Change Canada posted the following recovery planning document on the Species at Risk (SAR) Public Registry:

The following document is now posted as proposed on the Public Registry and is open for a 90-day comment period:

- **Recovery Strategy for the Chimney Swift (*Chaetura pelagica*) in Canada [Proposed version]:**
[Recovery Strategy for the Chimney Swift \(*Chaetura pelagica*\) in Canada - Public consultation search - Species at risk registry](#)

For more information on the *Species at Risk Act*, recovery planning documents and species at risk, please visit the *SAR Public Registry* at: <https://www.canada.ca/en/environment-climate-change/services/species-risk-public-registry.html>.

If you have any comments or questions about the recovery planning document, please contact the Consultation Biologist at:

Canadian Wildlife Service - Ontario
 Environment and Climate Change Canada
