Subject: Bluebelt + Grand River: A Treaty Restoration Project

Hello all,

My name is Benjamin Doolittle UE, Secretary-General for the Mohawk Nation of the Grand River Country ("Mohawk University"), I am a fraternal member of the Sha'tekari:wate; one of nine sub-clans of the Mohawk Confederacy. I am writing to introduce myself and our project, BlueBelt + Grand River, The Haldimand Tract Land Trust Conservancy. (www.bluebelt.org)

Promised to the Mohawk descendants of the old villages of Canojaharie, Tikondarago, and Aughugo and their posterity to enjoy forever. The Haldimand Tract is 950,000 acres or 3,844 square kilometers. The Grand River watershed is the largest inland river system in Oniatari:io ("beautiful lake"). It has a total area of 6,800 square kilometers. This acquired territory extends to the mouth of the Lake Erie shoreline establishing riparian rights.

BlueBelt + Grand River, The Haldimand Tract Land Trust Conservancy is commissioned by The Mohawk Charitable Foundation for Grand River and learning organization ("Mohawk University"). The first charitable foundation to be formed under the jurisdiction of the Mohawk Nation of Grand River Country. The Trust is managed by Mohawk University for the benefit of the U.E.L. (Loyalist) Mohawk Descendants.

The Mohawk Charitable Foundation for Grand River and learning organization ("Mohawk University") exists to provide services to its members; and to enter into mutually beneficial relationships with other charitable foundations, non-member persons, states, and other parties.

The Charitable Foundation is a non-incorporated, pre-Columbian longbody existing within the metes and bounds of A'nowara'ko:wa (Great Turtle Island), for greater certainty but not limited to the Grand River Country ("Haldimand Province"). The first charitable foundation was formed under the jurisdiction of the Mohawk Nation of Grand River Country.

The Mohawk University provides services to all members and non-members under its jurisdiction until another Mohawk Nation foundation becomes ratified, at such point any Mohawk Nation members beyond the Grand River would come under the jurisdiction of their own respective Mohawk Nation foundation.

The directors of the Mohawk University welcome any interest and look forward to a further expansion of the Mohawk Nation.

BlueBelt + Grand River Conservation and Stewardship, A Haldimand Treaty Restoration Project

Promised to the Mohawk descendants of the old Villages of Canojaharie, Tikondarago, and Aughugo and their posterity to enjoy forever. The Haldimand Tract is 950,000 acres or 3,844 square kilometers. The Grand River watershed is the largest inland river system in Oniatari:io ("beautiful lake"). It has a total area of 6,800 square kilometers. This acquired territory extends to the mouth of the Lake Erie shoreline establishing riparian rights.

Land conservancies, also known as land trusts, are community-based, nonprofit organizations dedicated to the permanent protection and stewardship of natural and working lands for the beneficiaries and public good.

Land conservancies are positioned to act swiftly and professionally to help landowners and communities protect the endangered places important to us all—open spaces that define our sense of place, connect us to the natural world, and provide real services such as water quality protection, wildlife habitat, outdoor recreation, and agri-sources of food and timber.

How does a Land Conservancy Work? Land conservancies are better suited than any other organization to safeguard Grand River's natural beauty and the conservation values of our most important lands. To do this, land conservancies use the following suite of tools to protect and steward land forever:

- **Nature Preserves or Sanctuaries** – Haldimand Tract Lands are acquired through reversion, repossession, and expropriation, donation or purchase to be used as a nature preserve or sanctuary. Often, these lands are open to the general public to visit and enjoy.
- **Conservation Easements** – A voluntary legal tool that allows the land to remain in private ownership but permanently limits development to protect the conservation values of the property.
- **Government Assists** – Conservancies often help local communities or the Mohawk University acquire public parkland and open space. Assistance can range from grant writing support to leading fundraising campaigns.
- **Stewardship** – For the lands that are owned and managed by conservancies or for the conservation easements they hold, stewardship is the term used for ongoing management and monitoring to protect the conservation values of those properties.
- **Education** – Whether providing education to landowners about conservation options or engaging community members in the stewardship of natural areas, conservancies educate people about the values of participating within our own natural environment.

How do you inherently participate within your own environments? "Karén:na" The Mohawk name of the force, principle, or magic power which is ... to be inherited in everybody and being in nature and in every personified attribute, property, or activity, belonging to each of these and conceived to be the active cause or force, or dynamic energy, involved in every operation or phenomenon of nature, in any manner affecting or controlling the welfare of man.

BlueBelt + Grand River, The Haldimand Tract Land Trust Conservancy is commissioned by The Mohawk Charitable Foundation for Grand River and learning organization ("Mohawk University"). forces government, known collaborators, and land developers planning to profit on stolen lands. The interactive map divides the Haldimand Province into smaller tracts based on the history of land theft orchestrated by alien residents and occupying foreign governments.

The expression 'acquisition of territory' is usually employed as meaning the establishment of sovereignty over a given piece of land. Well-known UN Security Council resolutions refer to 'acquisition of territory' in this manner, notably Resolution 242 (1967). The expression, however, requires some precision. First, strictly speaking, 'territory' as a term of art comprises not only emerged land, but also airspace, the territorial sea, and internal waters.

BlueBelt + Grand River, The Haldimand Tract Land Trust Conservancy is a direct response to the encroachments of the Haldimand tract, intensified by preservation projects of the greenbelt that directly promotes rampant development within the Haldimand tract. The greenbelt rests alongside the Haldimand tract straddling boundaries.

The Haldimand Tract Land Trust Conservancy services the Haldimand Province under a claim of right to peaceable possession of the Haldimand Tract under operation of a formal treaty known as the Haldimand Proclamation, a sacrosanct agreement. BlueBelt + Grand River is empowered by Mohawk University.

Mission and Vision Statement

The Haldimand Tract Land Trust Conservancy (“**BlueBelt + Grand River**”) gets its name and geographic boundaries from the days of early Mohawk settlement in acquired territories along the Grand River and granting of the Haldimand Tract to Tyendinaga (Colonel Joseph Brant UEL) of the Mohawk Nation for the benefit of the Loyalist Mohawk descendants forever in perpetuity.

Mission

The mission of Haldimand Tract Land Trust Conservancy is to protect, care for, and connect people to the extraordinary lands that make this area special.

The Haldimand Tract Land Trust Conservancy protects the scenic, natural, agricultural, and open landscapes of Grand River for the benefit of the community and future generations by:

- Developing long-term land protection strategies;
- Promoting private and public funding for land conservation;
- Acquiring land and conservation easements;
- Practicing stewardship, including the restoration of conservation properties; and
- Promoting a sense of place and a land ethic through activities, education, and outreach.

Vision

We see a future where the wild and working forests, the rivers and wetlands, the globally unique biotic habitats, and the Grand River’s rich farming and indigenous heritage—those things that define the extraordinary place we call Grand River Country—are preserved *forever*, are lovingly cared for by supportive communities and are cherished by all as an extraordinary gift that generations before has made to future generations.

We will support our vision through a variety of strategies including:

- Work with landowners, resource agencies, and other conservation organizations, to preserve the prime agricultural lands, open spaces, and wetland habitats of the Grand River watershed.
- Perform conservation activities that will result in improved health of the vital watersheds and water resources of Grand River Country and positively impact our natural places through rehabilitation.
- Collaborate with landowners, resource agencies, and other conservation organizations to protect the entire ecosystem contained within the Haldimand Province, situated between the Lakes Ontario, Erie, and Huron.
- Implement a process for refreshing and re-evaluating our Vision so that it continually reflects the values of our community and honors the perpetual nature of the organization.

Mohawk Descendants. info@bluebelt.org www.bluebelt.org

- Conduct conservation activities that will lead to greater opportunities for people to directly experience the spectacular and diverse landscapes of Grand River Country.
- Create and maintain easement monitoring programs, land management practices, and landowner partnerships that will be considered among the best in the world.
- Develop and sustain a robust financial reserve that ensures that we can continue to provide excellent stewardship of our lands in perpetuity and will be able to move quickly to acquire key parcels when opportunities arise.
- Become a recognized conservation leader, and model for other land trusts seeking to protect critical habitat, managed forests, agricultural, open spaces, and wetlands.
