- Possible locations for the Wheelchair Accessible Swings
- Thoughts and Discussion
- Questions & Comments

Introductions

Kevin Kernaghan
Project Manager – Capital
Parks and Cemeteries

Andrea McDonald
Senior Project Manager – Capital
Parks and Cemeteries

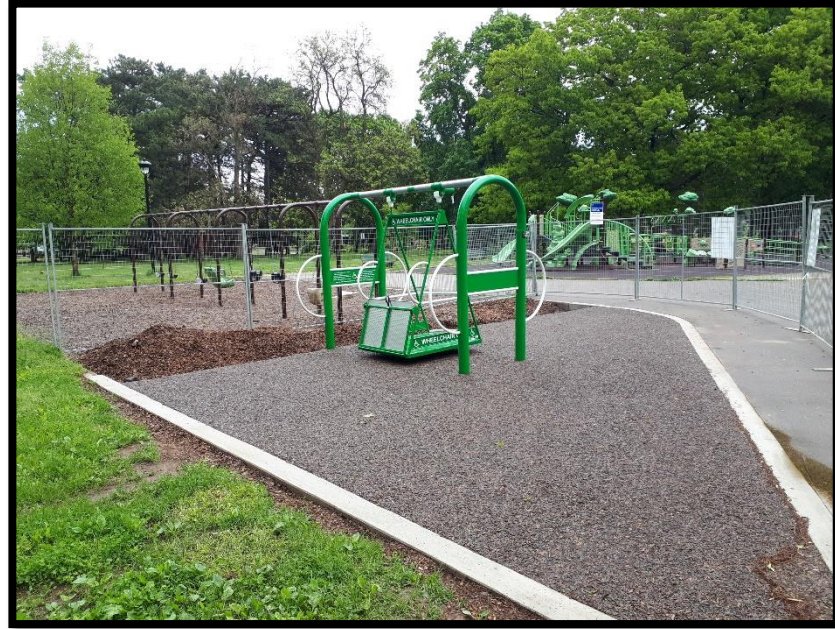

Purpose of a Wheelchair Accessible Swing

- Opportunities for all – both children and their friends/caregivers
- Social Interaction – using teamwork to move the swing
- Exercise – working to move the swing results in muscle engagement, balance stabilization
- Inclusive Placement – the swing is ideally installed within the overall play area

Hamilton's Wheelchair Accessible Swing Pilot Project

- Hamilton started a pilot project by installing a wheelchair accessible swing at Gage Park

Project Overview

- Supply and install Wheelchair Accessible Swings at two park locations
- Heritage Green Sports Park (355 First Road West)
- William Connell Park (1086 West 5th Street)
