<b>APPLICATION NO.:</b>	<b>HM/A-22:390</b>	<b>SUBJECT PROPERTY:</b>	94 MELBOURNE ST, HAMILTON
<b>ZONE:</b>	"R1a" (Low Density Residential – Small Lot)	<b>ZONING BY-LAW:</b>	Zoning By-law City of Hamilton 05-200, as Amended

**APPLICANTS:** Owner: M. Mitchell & R. Watling  
Agent: Len Angelici Design – L. Angelici

The following variances are requested:

1. A combined lot coverage of 26% for all accessory buildings and additional dwelling units detached shall be permitted instead of the requirement of a maximum of 25% lot coverage for all accessory buildings and additional dwelling units detached.

**PURPOSE & EFFECT:** To permit the construction of a secondary dwelling unit detached, carport and deck.

**Notes:**

1. Please be advised the applicant is requesting a variance for the maximum percentage of ground floor area of a secondary dwelling unit detached allowed in relation to the ground floor area of the principle dwelling (Section 4.33.2 (j) ii)). However, it appears the applicant is including the proposed carport within the calculation and the regulation within the 05-200 Hamilton Zoning By-law only pertains to the ground floor area of the secondary dwelling unit. Therefore a variance is not required due to the proposed secondary dwelling having a ground floor area of 55.74m<sup>2</sup> and the requirement being that the secondary dwelling unit ground floor area shall not exceed 70% of the principle dwelling (60.01m<sup>2</sup>).
2. The Hamilton Zoning By-law 05-200 permits eaves and gutters on an additional dwelling unit detached to project a maximum of 0.45 metres into a required minimum setback. Insufficient information has been provided in order to determine zoning compliance. Further variances may be required if compliance cannot be achieved.
3. The Hamilton Zoning By-law 05-200 requires a landscape strip within the required side yard setback

of an additional dwelling unit. Insufficient information has been provided in order to determine zoning compliance. Further variances may be required if compliance cannot be achieved.

4. Insufficient information was provided regarding proposed parking. As such additional variances may be required.
5. Insufficient information was provided regarding if an unobstructed 1.0 metre path from the street line to the entrance of the additional dwelling unit is proposed. As such additional variances may be required.

**This Notice must be posted by the owner of any land which contains seven or more residential units so that it is visible to all residents.**
