Weekes Engineering was retained to provide supporting documentation regarding lot frontages in the vicinity of 70 New Street Hamilton.

Frontage values are extracted from Hamilton GIS mapping.

Neighbouring Lots.

- Typical frontage along this portion of New Street is approximately 25 feet.
- The three properties to the south (74, 76, and 78 New Street) have a 25 feet frontage.
- The 6 properties to the north (58 – 68 New Street) vary from 23.6 to 27 feet of frontage.
- Frontage is similar on the opposite side of the street (51-63 New Street).

Henry Street.

- Lots along the south side of this street are smaller still than those on adjacent New Street. Address numbers 4-14 on the south side of the street range from 21.16 feet to 23 feet of frontage.

Based on these frontage values of surrounding properties, the proposed severed lot would be in keeping with the character of the existing street.
