Subject: 705 & 713 Draft Plan of Subdivision - lots cleared
Date: Wednesday, December 14, 2022 7:04:23 PM

Hi Tim,

I understand you are the lead on this file. Recently the lot adjacent to Rymal Rd has been cleared and grubbed of all trees. Question is, given the draft plan is just in, did the applicant have permission to do so either by the City and Conservation authority and if so, was there any permitting involved to do so? We currently now have no noise abatement to Rymal Rd and looks terrible.

Regards,
