

- GENERAL NOTES:**
- The Architect takes no responsibility for the interpretations of these documents by the Contractor. Users should evaluate the Architect's drawings and any program, calculation or supplementary information regarding the items of the Contract Documents. The Architect will review final drawings submitted by the Contractor for design compliance only.
 - Changes are not to be issued for construction Contractor to verify all existing conditions and dimensions required to perform the work and report any discrepancies with the Contract Documents to the Architect before commencing work.
 - Positions of proposed or proposed mechanical or electrical devices, fittings, and fixtures are indicated on the architectural drawings. The location shown on the architectural drawings governs over the mechanical and electrical drawings. These items may vary unless noted as to be installed as directed by the architect.

GENERAL NOTES

1. The Architect does not accept responsibility for the interpretation of these drawings by the Contractor, nor for any omissions, errors or omissions, or for any changes or modifications to the drawings or specifications, or for any construction or other work not shown on the drawings or specifications. The Architect shall remain liable for the design and construction of the project.
2. Changes to the drawings or specifications shall be made by the Architect and shall be in writing and shall be signed by the Architect. The Architect shall not be responsible for any construction or other work not shown on the drawings or specifications.
3. Conditions of Precedent of Federal, Provincial or Municipal Ordinances, Bylaws, and Statutes are included in the Architect's drawings. The conditions of precedent are the responsibility of the Client. The Architect shall not be responsible for any construction or other work not shown on the drawings or specifications.
