Subject: FW: Strachan St pilot - email to clerk@hamilton.ca

To whom it may concern,

I live on James St N and am very concerned about the 25 sheds proposed for housing on Strachan St.

Strachan St is not the right location with so many young families in the neighborhood, and only 100 meters away from BENETTO ELEMENTARY SCHOOL. It is disturbing that the city would suggest a site so close to an elementary school. The pilot location should be far from any school and any park where children play.

If you want it in this area, please consider the vacant Barton/Tiffany lands.

Please also consider giving the money allocated for the operation of the shed houses to Indwell, who is leading the way with innovation building affordable PERMANENT SUPPORTIVE HOUSING in our city.
