1.0 INTRODUCTION

Across the Greater Toronto and Hamilton Area (GTHA), affordability of housing and limited opportunities for both rental housing and home ownership have become significant social and land use planning issues which are threatening the ability for municipalities to create and sustain complete communities which are home to all peoples.

Housing affordability is an issue which requires innovative solutions from all levels of governments in collaboration with private sector investment. Although there is no single tool or action which will address affordability, City Council is committed to identifying opportunities to reduce barriers to the creation of a wider range and choice of housing with the tools available to it. This Community Improvement Plan is one such opportunity.

2.0 PURPOSE OF THIS PLAN

This Housing for Hamilton Community Improvement Plan (the Plan) is intended to provide incentives which will minimize financial barriers to, and stimulate private sector investment in, the creation of a wider range and choice of housing to meet the needs of Hamilton’s residents. Incentives contained within this Plan are focused towards the development or redevelopment of targeted, under-utilized properties within the Hamilton Urban Area that are suitable for accommodating new mixed-income, mixed-tenure and affordable residential developments.

The expected outcome of this Plan is to provide new housing opportunities for persons with higher social and economic vulnerability; increase housing supply on under-utilized properties, provide new and/or revitalized affordable housing stock and generally support the integration of people from a variety of income groups into healthy, socially cohesive and financially sustainable communities.

3.0 LEGISLATIVE AUTHORITY

The provision of financial incentives or other undertakings by a municipality to facilitate or carry-out community improvement in Ontario are primarily governed by the *Planning Act* and *Municipal Act*. Together these acts identify the tools, and their parameters, which municipalities may authorize and utilize for community improvement.

3.1 Provincial Legislation

Section 28 of the *Planning Act* permits a municipality to establish a Community Improvement Plan (CIP) for the purposes of facilitating the community improvement of an area through the provision of financial incentives or actions which would otherwise be prohibited under Sub-section 106(2) of the *Municipal Act*.

A CIP may be enacted by a municipality, by by-law, provided that:

- The municipalities Official Plan contains provisions relating to community improvement (*Planning Act*, Subsection 28 (2));
- The CIP identifies the geographic Community Improvement Project Area (CIPA) for which Council is of the opinion it is desirable to improve because of age, dilapidation, overcrowding, faulty arrangement, unsuitability of buildings or for any other environmental, social or community economic development reason (*Planning Act*, Subsection 28(2)) and which includes the provision of affordable housing (*Planning Act*, Subsection 28 (6)); and
- The total of all grants, loans and/or tax assistance provided with respect to lands or buildings within the CIPA do not exceed the eligible costs as described within the CIP (*Planning Act*, Subsection 28(7.3)).

Once a CIP has come into effect, a municipality may:

- Acquire, hold, clear, grade or otherwise prepare land for community improvement (*Planning Act*, Subsection 28(3));
- Construct, repair, rehabilitate or improve buildings on land acquired or held by it in the CIPA in conformity with the CIP, and sell, lease or otherwise dispose of any such buildings and the land appurtenant thereto (*Planning Act*, Subsection 28(6)(a));
- Sell, lease or otherwise dispose of any land acquired or held by it in the CIPA to any person or governmental authority for use in conformity with the CIP (*Planning Act*, Subsection 28(6)(b));

- Provide grants and/or loans in conformity with the CIP, to registered owners, assessed owners and tenants of lands and buildings within the CIPA, and to any person to whom such an owner or tenant has assigned the right to receive a grant or loan, to pay for the whole, or any part of the, eligible costs of the CIP (*Planning Act*, Subsection 28(7)); and
- Provide grants and/or loans for eligible costs identified within the CIP which may include costs related to environmental site assessment, environmental remediation, development, redevelopment, construction and reconstruction of land and buildings for rehabilitation purposes or for the provision of energy efficient uses, buildings, structures, works, improvements or facilities (*Planning Act*, Subsection 28(7.1)).

3.2 Municipal Authorization

Community improvement policies are contained in Section 1.15 of the Urban Hamilton Official Plan (UHOP). In particular, the UHOP states the following with respect to municipal authorization of CIPs:

- It is the intent of Council through Community Improvement to promote and maintain a high-quality living and working environment throughout the City. Community Improvement shall be accomplished through (1) the upgrading and ongoing maintenance of communities or areas as characterized by obsolete buildings, and/or conflicting land uses and/or inadequate physical infrastructure and community services, and, (2) the establishment of policies and programs to address identified economic, land development and housing supply issues or needs throughout the Urban Area.” (UHOP, Chapter F, Section 1.15); and
- Community Improvement shall be carried out through the designation, by Council, of Community Improvement Project Areas and through the preparation and implementation of Community Improvement Plans pursuant to the Planning Act, R.S.O., 1990 c. P.13. It is the intent of Council that the entire urban area or any part of the urban area as defined in this Plan, and as subsequently amended, may by by-law be designated as a Community Improvement Project Area. (UHOP, Chapter F, Section 1.15.1).

4.0 SUPPORTING POLICY FRAMEWORK

Existing Provincial and City policy frameworks contain policies that support the purpose and goals of this Plan as outlined in Sections 2.0 and 4.0 respectively as well as the associated incentive programs described in Section 7.0. The key policies from applicable policy documents are outlined below.

4.1 Provincial Policy Statement (2020)

The Provincial Policy Statement (PPS) provides policy direction for land use planning and development matters which are of Provincial interest including protecting resources, supporting public health and safety and creating high-quality natural and built environments. The PPS emphasizes the need for strong communities and identifies the need to provide sufficient housing which is affordable, and which will serve a broad range of needs within the community.

This Plan is consistent with the PPS and specifically addresses the following provincial interests identified within the PPS:

- Accommodating an appropriate range and mix of residential (including second units, affordable housing and housing for older persons), employment (including industrial and commercial), institutional (including places of worship, cemeteries and long-term care homes), recreation, park and open space, and other uses to meet long-term needs (PPS, Section 1.1.1 (b));
- Establishing and implementing minimum targets for the provision of housing which is affordable to low and moderate-income households (PPS, Section 1.4.3(a));
- Permitting and facilitating all forms of housing required to meet the social, health and well-being requirements of current and future residents, including those with special needs requirements (PPS, Section 1.4.3 (b));
- Promoting densities for new housing which efficiently use land, resources, infrastructure and public service facilities, and support the use of active transportation and transit in areas where it exists or is to be developed (PPS, Section 1.4.3 (d)); and
- Establishing development standards for residential intensification, redevelopment and new residential development which minimize the cost of housing and facilitate compact form, while maintaining appropriate levels of public health and safety (PPS, Section 1.4.3 (f)).

4.2 A Place to Grow: Growth Plan for the Greater Golden Horseshoe (2019)

A Place to Grow: Growth Plan for the Greater Golden Horseshoe (“Growth Plan”) provides a policy framework for implementing the Province’s vision for managing long-term growth within the Greater Golden Horseshoe (GGH), including Hamilton, while supporting economic prosperity, protecting the environment and helping communities to achieve a high quality of life. The Growth Plan envisions the GGH as an area with an increasing amount and variety of housing that is sufficient to reflect market demands and the needs of local communities in terms of income and household sizes.

This Plan is consistent with the Growth Plan and specifically addresses the following principles and policies as identified within the Growth Plan:

- Support a range and mix of housing options, including second units and affordable housing, to serve all sizes, incomes, and ages of households (Growth Plan, Section 1.2.1);
- Provide a diverse range and mix of housing options, including second units and affordable housing, to accommodate people at all stages of life, and to accommodate the needs of all household sizes and incomes (Growth Plan, Section 2.2.1 (4)(c));
- Support housing choice through the achievement of the minimum intensification and density targets of the Growth Plan and identifying a diverse range and mix of housing options and densities, including second units and affordable housing to meet projected needs of current and future residents (Growth Plan, Section 2.2.6 (1)(a)(i));
- Identifying mechanisms, including the use of land use planning and financial tools, to support housing choice (Growth Plan, Subsection 2.2.6 (1)(b));
- Supporting the achievement of complete communities by planning to diversify overall housing stock across a municipality (Growth Plan, Subsection 2.2.6 (2)(d); and
- Supporting the achievement of complete communities by municipalities through the use of available tools to require multi-unit residential developments to incorporate a mix of unit sizes that accommodate a diverse range of household sizes and incomes (Growth Plan, Subsection 2.2.6 (3)).

4.3 2022-2026 Council Priorities

The 2022-2026 Council Priorities were developed by the City Council to support the City’s vision “to be the best place to raise a child and age successfully”. The three priorities are: Sustainable Economic and Ecological Development (Priority 1), Safe and Thriving Neighbourhoods (Priority 2), and Responsiveness and Transparency (Priority 3). Each of the priorities has a set of outcomes and measures of success. As it applies to the purpose of this Plan, Priority 2 particularly aligns with this Community Improvement Plan with an Outcome being to increase the supply of affordable and supportive housing.

4.4 2016-2025 Strategic Plan (2016)

The City of Hamilton’s 2016-2025 Strategic Plan (Strategic Plan) establishes a 10-year vision for the City that provides the context within which City services are provided to achieve the Plan’s stated mission “to provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner”. To achieve this, the Strategic Plan establishes seven priorities which were identified through community engagement and resident conversations including those that occurred through the Our Future Hamilton: Communities in Conversation initiative. These priorities are:

- Community Engagement and Participation
- Economic Prosperity and Growth
- Healthy and Safe Communities

The Economic Development Action Plan identifies six key priority areas that are intended to build a stronger and more equitable economy for Hamilton’s future. Of

these, this Plan most directly supports the “Facilitating a Skilled and Adaptable Workforce” priority which, among other actions, are supported by incentivizing investment in housing to meet the needs of a diverse workforce.

4.6 Urban and Rural Hamilton Official Plans (2013)

The Urban Hamilton Official Plan (UHOP) and Rural Hamilton Official Plan (RHOP) are the City’s long-term policy framework which establish the City’s vision for the future in terms of managing land use change and the physical development of the City as it is affected by environmental, social, and economic factors. The development of new mixed-income, mixed-tenure developments that increase the supply of affordable housing addresses the social and economic challenges facing the City.

This Plan is consistent with the UHOP and RHOP and specifically addresses the following goals and policies of these plans:

4.6.1 Urban Hamilton Official Plan

Goals

- Increase Hamilton’s stock of affordable housing of all types, particularly in areas of the City with low levels of affordable housing (UHOP, Chapter B, Section 3.2.1.3);
- Increase Hamilton’s stock of housing for those whose needs are inadequately met by existing housing forms or tenure, affordability, or support options (UHOP, Chapter B, Section 3.2.1.4); and
- Increase the mix and range of housing types, forms, tenures, densities, affordability levels, and housing with supports throughout the urban area of the City (UHOP, Chapter B, Section 3.2.1.6).

Policies

Households and individuals may be at risk of homelessness because of economic and/or personal circumstances where a level of support is required to live independently. Hamilton’s aging and diversifying population has new and unique housing needs that cannot solely be met through current housing options. The City recognizes the importance of affordable housing and housing with supports in meeting the housing needs of those without the resources to participate in the private housing market (UHOP, Chapter B, Section 3.2.3);

- Where appropriate, assistance shall be provided, whether by the City and/or senior governments, to encourage the development of affordable housing, with priority given to projects in areas of the City that are lacking in affordable housing. City assistance may include selling or leasing of surplus City land or financial assistance (UHOP, Chapter B, Section 3.2.3.2); and
- Investment in new affordable housing shall be encouraged by a coordinated effort from all levels of government through implementation of a range of strategies, including effective taxation, regulatory and administrative policies, and incentives (UHOP, Chapter B, Section 3.2.3.6).

4.6.2 Rural Hamilton Official Plan

Policies

- The City shall endeavour to provide a facilitative land use planning process for development applications for *affordable* housing and *housing with supports*. (RHOP, Chapter B, Section 3.2.1.1);
- Where appropriate, assistance shall be provided, whether by the City and/or senior governments, to encourage the development of affordable housing, with priority given to projects in areas of the City that are lacking in affordable housing. City assistance may include selling or leasing of surplus City land or financial assistance (RHOP, Chapter B, Section 3.2.1.2);
- In accordance with the City’s ‘Housing First’ policy, all City-owned land that is surplus to the City’s needs and appropriate for residential development shall be given priority for sale or lease for the *development* of *affordable* housing by CityHousing Hamilton Corporation, or coordinated by CityHousing Hamilton Corporation or the City of Hamilton Housing Services for *development* by other housing stakeholders (RHOP, Chapter B, Section 3.2.1.3); and
- Investment in new affordable housing shall be encouraged by a coordinated effort from all levels of government through implementation of a range of strategies, including effective taxation, regulatory and administrative policies and incentives (RHOP, Chapter B, Section 3.2.1.6).

4.7 Housing and Homelessness Action Plan (2020)

The City’s 10-year Housing and Homelessness Action Plan (HHAP) is a strategic implementation plan to address affordable housing and homelessness in Hamilton. The development of the Action Plan was informed by extensive community engagement and a comprehensive needs analysis which provided the basis for the development of a framework to inform decisions about housing resource allocation in the city. This framework includes a series of fundamental strategies with a set of specific implementation actions that are designed to address the supply, affordability and quality of Hamilton’s affordable housing stock.

This Plan is consistent with the HHAP and specifically addresses the following strategies of the Plan:

- Use innovative approaches to create more affordable and market rental housing (Housing and Homelessness Action Plan, Outcome 1, Strategy 2);

- Develop a strategy and implementation plan to increase the supply of secondary rental units (Housing and Homelessness Action Plan, Outcome 1, Strategy 4);
- Develop and implement innovative approaches to create more affordable ownership units (Housing and Homelessness Action Plan, Outcome 1, Strategy 6); and
- Increase the diversity of housing forms, types, tenures, and affordability in all urban areas of the city (Housing and Homelessness Action Plan, Outcome 2, Strategy 2).

4.8 Housing Sustainability Investment Road Map (2023)

The City’s Housing Sustainability Investment Road Map is a response to the current housing crisis and takes a whole-of-city approach to respond to new and growing pressures along the housing continuum to deliver the best possible affordable housing outcomes for Hamiltonians across four pillars: new construction of affordable housing, maintaining and preservation of existing units, acquisition, and the provision of housing-based supports. It recognizes the collective need for prioritized action, integrated efforts and a change in how City government and community partners work together to identify and deliver on shared affordable housing goals.

5.0 COMMUNITY IMPROVEMENT PROJECT AREA

This Plan contains programs that apply to the entirety of the City of Hamilton and/or specific sub-areas that together have been geographically delineated within the companion Housing for Hamilton CIPA (2024) By-law. The Housing for Hamilton CIPA’s sub-areas where specific programs may or may not apply as further described in Section 7.0 and Appendices to this Plan include:

5.1 Housing for Hamilton CIPA (2024) Sub-Area 1 – Rapid Transit Housing Area

This area encompasses an approximately 1500 metres radius of the City’s A-Line and B-Line rapid transit corridors forming part of the proposed BLAST-E Re-envision Rapid Transit Network. The 1500 metre radius was defined by the Canada Mortgage and Housing Corporation as part of the Housing Accelerator Fund as an area of focus for the incentivization of transit supportive housing. The Housing for Hamilton CIPA (2024) Sub-Area 1 o Rapid Transit Housing Area boundary has been developed so as to respond to Hamilton’s unique context including ensuring that areas are excluded where housing development should not be promoted (e.g. employment lands, parks etc.) and to take into account natural geographic barriers (such as the escarpment),

5.2 Housing for Hamilton CIPA (2024) Sub Area 2 – Roxborough

This area is located within the McQueston Neighbourhood in East Hamilton. The area consists of the former Roxborough Park School as well as other existing residential properties including a townhouse complex owned and operated by CityHousing Hamilton.

This area was identified for its potential to accommodate a new mixed income, mixed tenure and affordable housing demonstration project based on the following attributes:

- The area contains a former school site which provides opportunities for new residential development within the existing neighbourhood;
- The area contains an existing townhouse complex owned and operated by CityHousing Hamilton which has been identified as being at the end of its intended life and in need of significant capital for repairs.
- The area is located within the McQueston Neighbourhood which was the subject of a study by the Social Planning and Research Council (SPRC, 2012)) which found that the social and economic vulnerability of this neighbourhood’s population is more significant than other neighbourhoods in the City, particularly with respect to young families and the elderly.

- The area is serviced by a variety of significant modes of transportation including but not limited to, the Red Hill Parkway, the Confederation GO Station at Queen Elizabeth Way (QEW) and Centennial Parkway and is in proximity to a future stop on the planned Light Rail Transit (LRT) route.

6.0 GOALS OF THIS PLAN
