Subject: Re-zone of 1065 Paramount Dr.

Importance: High

I am totally opposed to the RE-ZONING of 1065 Paramount Drive.

There is a reason why people choose to live in the suburbs vs. an urban community. Our homes are a place of refuge, where we can get away from the stresses of everyday life. I like the peace & quiet that our neighbourhood brings. If I wanted to live in chaos, I would have chosen to live in the downtown area, with its traffic and noise pollution.

This is why I am protesting this re-zone.

If you want to build a multi-dwelling apartment building, stick it in a brand new sub-division, where it will fit in among the other new builds, not in a single dwelling established neighbourhood.

Do not destroy our beautiful neighbourhood!!!
