Subject: Resignation from HFM Board

Chair Kroetsch and Clerk Pilon,

After much thought and reflection I writing to notify the Board of Directors of the Hamilton Farmers Market that I will be resigning my position as Vice Chair and Director effective immediately. The new Board -now fully constituted – is entirely and eagerly equipped to meet the challenges ahead, and I have every confidence in the Market’s ability to move forward on its journey of renewal and recovery. A number of converging influences have informed my decision, not the least of which is a continual scheduling conflict with committees, and a new focus on important Ward-centric issues.

I wish you all the best.

Jeff
