Good evening,

My name is John and I live at 24 Great Falls Boulevard in Waterdown. I received the Notice of Public Hearing for the Zoning By-Law R1-64 Urban Residential Single Detached.

If I understand the notice properly, another home owner wishes to have additional parking on the other side of the street for tandem parking.

I am against this because the street is narrow, and extremely busy with flow of traffic as our boulevard connects the other side of homes. Emergency vehicles could barely get through when our area was under development, and, considering how fast individuals drive, it was difficult to see children playing outdoors with both streets occupied.

For these reasons (if I understand correctly) I am against additional parking of any kind.

Thank you for your time

John
