

5.3.2 Andrew Warburton Memorial Park

HOMESIDE NEIGHBOURHOOD

Site: 199 Tragina Avenue North

The park is bisected by the Pipeline Trail under which is a major pipeline, installed in the 1860s, that connects the water treatment facilities on Lake Ontario into the city. Located at the heart of the Homeside neighbourhood, the park is visible along the trail and at the terminus of many streets including Cannon Street. The site therefore offers the opportunity for a public artwork that could act as a local landmark visible from many locations in the neighbourhood. The pipeline provides opportunities for themes that address water infrastructure and community.

Scale: Medium – Minimum Budget \$100,000

Precedent:

5.3.10 Pipeline Trail at Kenilworth Ave.

HOMESIDE NEIGHBOURHOOD

Kenilworth Ave N

Cannon St E

Site: New park on the east side of Kenilworth Avenue along the Pipeline Trail

The site is to be the location of a new park along a one block section of the Pipeline Trail scheduled to be complete in 2017. The location at Kenilworth allows the artwork to serve as a gateway to, and symbol of, the Pipeline Trail. The trail cuts across the street grid of the neighbourhood from the corner of Ottawa Street and Main Street to Barton Street and Strathearne Avenue following the route of the 1850s era pipeline that today still connects the water treatment plant into the city. The location offers opportunities for an artwork that can address the themes of water infrastructure and the Hamilton's industrial history.

Scale: Major – Minimum Budget \$100,000 (shared with park project budget)
