**Figure 1: Records Inspection Compliance Monthly Tracking – All Providers**

Alternate Text description of Figure 1: Figure 1 (above) presents a monthly breakdown of total records inspection incidents of compliance versus non-compliance as a percentage of total visits, using stacked vertical columns. The lower portion of each column in solid black shows the proportion of visits by ATS where DARTS and subcontractors were found compliant. The top portion of each column in a black and white diagonal striped pattern show the proportion of non-compliant visits. Performance from January to April was very uneven; in February and March, all providers were non-compliant. From May to July there is vast improvement with 100% compliance. See also Table 2 (above).
