LETTER OF SUPPORT - MOHAWK SPORTS PARK FEASIBILITY STUDY

Members of Council:

We are pleased to offer this letter in support of the Mohawk Sports Park Feasibility Study.

Canadian Tire Jumpstart Charities is a national charity committed to ensuring children in need have equal access to sport and recreation. Since 2005, we have been steadfast in our commitment to helping children and youth overcome financial and accessibility barriers in sport through a number of community investments ranging from community grant funding to capital infrastructure projects.

Our organization is pleased to support the efforts of the Mohawk Sports Park Council towards the completion of a comprehensive feasibility study which will support the development of a more inclusive and accessible public space and in particular, support the needs of several community organizations and equity-deserving groups across our community.

As champions of inclusive play, we are committed to collaborating with local community groups, like the Mohawk Sports Park Council, to build sport and play infrastructure that supports organized sport and casual play for equity deserving children and youth of all abilities. To date, Jumpstart has built 24 Jumpstart Inclusive Play Spaces and supported the development of an additional 19 inclusive play spaces across Canada - and we are excited to continue our engagement with the Mohawk Sport Park Council in support of this important community project.

Sincerely,

Stuart McReynolds
Associate Vice President, Programs
