City Hall is located on the ancestral territory of the Haudenosaunee Confederacy, the Anishinaabe and many other Indigenous peoples. It is also covered by the Dish with One Spoon Wampum agreement, which asks that all sharing this territory do so respectfully and sustainably in community.

There is very poor transparency. See the article attached from about a year ago regarding the funding of the police armoured vehicle. The police are funded by city taxes so should have a certain level.

The mayor apparently abstained when voting on vacant occupancy tax as she has some form of ownership that may be affected. The location of properties should be released for full transparency. The list could go on and on.

A proud Hamiltonian.
