Hello

I am writing to express my support for two storey ADUs for the City of Hamilton. I would ask that this letter is added to the Dec 3 Planning Committee agenda wrt ADUs.

As a physiotherapist at a local hospital, a 24 year resident of Dundas, a mother of two teenagers, I want to express my opinion that two-storey ADUs are an effective way to add affordable housing to our city and prevent sprawl - these changes will improve everyone's health and well-being, and quality of life. Two-storey ADUs provide support for local businesses, protect precious farm and wetlands, increase the range of rental options, help Hamiltonians become or remain homeowners (I want my children to be able to afford living here!!!) and enable extended families to be able to support each other, which reduces burden on the health care system.

Please continue to support this movement and not limit ADUs to one storey! For the sake of the present and future generations of Hamiltonians.

With thanks for your work on behalf of our citizens
Heather Vaughan, PT
