Dear Hamilton City Council,

I am writing to you from Ward 11 where I've lived the past two years, after living in Ward 6 for the previous 30.

I want to express my support for permitting two-storey laneway homes in our community. This change would provide much-needed flexibility to address the pressing issues of housing affordability and density while preserving the character of our neighborhoods.

Two-storey designs allow for more livable space on smaller lots, making them ideal for families, multigenerational living, or rental opportunities. They also promote sustainable land use by maximizing the potential of existing infrastructure without compromising green space.

I urge you to support this initiative to help meet our city's growing housing needs while fostering diverse and inclusive neighborhoods.

Thank you for your consideration.

Daniel Quaglia
