The Mayor, Hamilton Councillors, The Clerk, Re Monday ADU Planning Committee Meeting:

It is imperative to allow affordable housing by ADU for seniors to be close to families and all others to have affordable housing close to jobs and shopping.

Were we not planning for our Hamilton future to be less dependent on the car, using existing and improved transit and our future LRT? We do not want to destroy more farmland, trees, watershed areas for the pleasure of a few at high costs to us the taxpayer and with total disregard of our predicament here on earth.

Why do we continually pander to the multi million/billionaires so they can perpetuate and increase the carbon footprint at their pleasure. We already have many grand houses in the country and the existing suburbs. I'm sure many may come up for sale soon.

I vote for creativity within our boundaries, consideration of design so that we can allow for small families to live in an existing community close to schools, jobs, hospitals and shopping.

Regards,
Barbara Patterson
