Subject: Additional Dwelling Units

External Email: Use caution with links and attachments

Dear Councillor Maureen Wilson:

I support Additional Dwelling Units (ADW) in backyards and above existing garages. Hamilton has approved dozens of them. They are a real way to add affordable housing to Neighbourhoods near jobs and transit.

A two-storey ADU can have two bedrooms upstairs and can cost approximately \$275,000 to build. They can also be a suite built on top of a garage for even less.

This can make homes more affordable for citizens. I appreciate your consideration in this matter.

With thanks

Angie McNulty
