**Subject:** Regarding Climate-Related Motions

**External Email:** Use caution with links and attachments

Good day,

As a resident of Hamilton, I am writing to express my position regarding any climate-cutting motions. I want to be clear that I do not support any such motions, especially any climate-cutting motions, including those by Councillors Paul and Francis.

Hamilton has had a very difficult time financially and has many times had to make hard decisions to do without, or did not plan ahead for the future, which has cost more in the long run.

Cutting the **Climate Change Reserve**, which funds critical climate initiatives, would be foolhardy and cost Hamilton and the taxpayers more in the future. These initiatives help protect our community and offer indirect benefits.

Thank you for all you do, and I urge you to strongly consider the long-term consequences before making any decisions regarding these vital funds.

Sincerely,

Jeff Davies
