Subject: No cuts to climate action in Hamilton

External Email: Use caution with links and attachments

Good day,

I am a resident of Ward 2, Hamilton.

I strongly oppose the proposed cuts (items 95 & 96 for tomorrow's budget GIC meeting) to the Climate Change Reserve. Cancelling previously approved projects that will reduce greenhouse gas emissions, help us adapt to future extreme heat and make our city more liveable is a mistake that we must make sure does not happen. Such short-sighted proposals are reckless and irresponsible. Our elected leaders must support progressive policies intended to protect the basic well-being of all citizens now and in the future. Climate action is a fundamental part of the foundation upon which all other initiatives are built to ensure a sound future for all.

I do not support ANY climate cutting motions.
