Subject: Urban Boundary

To all

I would please ask that you vote "no" to the expansion of our urban boundary. This is all farmland and we just can't lose any more. We're smart, we can learn to build up and to intensify within our current boundary. For example, we could approve housing like they have in Quebec, 4 units in one building accessible by stairs front and back.

Again, I beg you....please vote "no".
