**Subject:** Fwd: Oppose Sulphur Springs Development

Hi there -

I just saw [this article](#) in The Spec about a developer looking to develop Greenbelt lands along Sulphur Springs road.

I just want to be on record that I 100% support and echo my Ward 12 councillor's position that this is a non-starter. We have plenty of areas that can be developed without dropping any trees or encroaching on natural areas.

Thanks,

Chris
