Good day, why would you stop the tailgate get together for the Ticats.

The CFL is a great game and when spectators from 2 teams get together to watch a game and have a good time with each others, it's just sad that the city wants to take the fun out of everything. I used to go to Hamilton weekly, sports, shopping or just walking around.

I guess I won't be going to Hamilton, I can just tailgate and watch the game in Toronto.

Sad news for your city.
