Subject: GRIDS2/MCR May 17th Public Meeting

We have lived in this Binbrook, Hannon area for over fifty years we have seen the loss of too many farms. We need farms to produce food for Ontario for the future. Please use the already serviced properties in the city for housing use. Too much money is spent bringing sewers and water to this area. We need to keep housing more affordable for people. All this paving must cease. We have to think of our environment!
