LETTER OF SUPPORT - MOHAWK SPORTS PARK FEASIBILITY STUDY

Members of Council:

Sport for Life is a not-for-profit organization whose mission is to “create, share and mobilize knowledge to support sport, recreation, health, and education and government agencies through effective project management and quality sport and physical literacy resources while breaking down barriers towards pursuing equity, diversity, inclusion and accessibility.” With a focus on promoting equality and eliminating discrimination, we are eager to contribute to initiatives that align with our core values. Our commitment to these values aligns seamlessly with the objectives of the MOHAWK SPORTS PARK Partnership’s team.

Sport for Life is pleased to support the efforts of the Mohawk Sports Park Council towards the completion of a comprehensive feasibility study, which will support the development of a more inclusive and accessible public space and in particular, support the needs of several community organizations and equity-deserving groups across our community.

We firmly believe that fostering diversity and promoting inclusion in sports enhances the overall integrity and spirit of sportsmanship. We appreciate the MOHAWK SPORTS PARK Partnership's commitment to this cause and are excited about the positive changes that the Project will bring about.

Sincerely,

Kabir Hosein

Director of Strategic Initiatives
