Reason(s) for delegation request

– the fact that our city sidewalks are unsafe and yet you've given us no other option. I recently fractured my foot quite seriously on a city sidewalk, in a space where I've been emailing the mayor's office for over 3 years and gotten responses from it.

Dash our sidewalks are completely inaccessible to the disabled during snow storms and is no better after.

Dash the ableism and absolute danger of the words spouted by many of our council members telling disabled people when they should and should not use their assisted devices. I have been accosted by city people several times for not wanting to use my cane at all times. It has gotten worse since these ableist things have been said by our council members

Will you be requesting funds from the City?

No

Will you be submitting a formal presentation?

No
