

**RE: Support for the Elfrida Urban Boundary Expansion**

Dear Mayor and Members of Hamilton City Council,

My name is Jordan McCarter and my company, TBD Advisors Inc, a business management consulting company with an office in Hamilton, has been working here for 8 years and is currently employing two people. Both living in and supporting Hamilton.

We are writing to express our strong support for the Elfrida urban boundary expansion. For small companies like ours, new housing developments mean steady work. Without projects like Elfrida, it becomes harder to keep our team employed and our business open.

We want to continue building Hamilton, hiring locally, and contributing to our community, country and economy. The Elfrida project would mean years of job stability for us and many other trades in the area.

We hope you will support the Elfrida boundary expansion so local businesses have work they can count on.

Thank you for your time and consideration.

Sincerely,

Jordan McCarter  
President
