Subject: Urban Boundary Expansion - No way

External Email: Use caution with links and attachments

Dear Council,

I am a Hamiltonian in ward 12. But more importantly, I am a person who recognizes the importance of soil quality in agriculture. Grade 1 soil is irreplaceable and a vital resource. If we destroy it, we will never get it back and it should be reserved exclusive for environmental pursuits and/or agricultural vegetation.

Hamilton should NEVER vote for the expansion of our urban Boundary. Applications only come from those looking to destroy the land for profit. Stop sprawl, now and forever.

I expect my councillor Mr. Cassar to vote no, representing me as their constituent. I expect my mayor to vote no, because again I am her constituent. I expect Cameron Kroetsch, if only because he is one of the councillors who I have faith in. But I fully implore the rest of you to do the right thing and unanimously vote no against sprawl as well.

Best regards,
Seth
