Subject: June 25th Meeting: Maintain a Firm Urban Boundary

External Email: Use caution with links and attachments

Dear City Council,

My name is Josh and I am a resident of Ward 13.

4 years ago, Hamiltonians (including City Council) voted nearly unanimously to maintain a firm urban boundary and to accommodate future growth by increasing density instead.

Despite the Ford government's attempts to circumvent our democratic decision, we have not changed our minds and we still insist on maintaining a firm boundary. I hope you remember this when voting on the 25th.

--

Thanks,

Josh
