Subject: Urban boundary expansion

Hello-

I am emailing you to vote for the objection of the urban boundary expansion.  
We should be building where we have infrastructure; within the urban boundary.

Let's keep the biodiversity action plan which includes the watershed action plan at our core.

Let's build a strong diverse City with natural assets being a priority. Think 7 generations. Think long term health and prosperity. Think clean water, air and land. Think mental health. Think BIG; think from an eagles perspective.
