Subject: Boundary expansion

External Email: Use caution with links and attachments

The boundary expansion should not be considered on the Elfrida lands.

There should be serious consideration to expanding the land around Fifty Rd into the urban boundary. The land is currently in the Greenbelt, and as per Greenbelt legislation, the Greenbelt is reviewed every ten years. The expected Greenbelt review should be taking place any time now, so as a City, we should be trying to complete the Fifty Rd area so that we have complete communities.

Elfrida is in the middle of nowhere, where as Fifty Rd is a major arterial road that comes from the QEW and surrounded by new infrastructure and more development potential.

Please make common sense decisions !!
