

RE: Support for the Elfrida Urban Boundary Expansion

Dear Mayor and Members of Hamilton City Council,

I am Dan Drori from Wyse Meter Solutions, a Submetering Utilities business that has been working with local Hamilton developers for well over 15 years. We have 125 employees, and we rely on local development to keep our team working.

Right now, the economy feels like it is shifting every day. There is uncertainty across Canada, changes in leadership, and talk of United States tariffs under President Trump. It is hard to plan ahead, but one thing is clear. We want to keep Hamilton strong for future generations.

That is why we support the Elfrida urban boundary expansion because it gives trades and small/medium businesses a lifeline.

We hope you will vote to approve the Elfrida boundary expansion to give Hamilton workers like us a better shot at stability and good paying local jobs.

Thank you for your time and consideration.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dan Drori", with a stylized flourish at the end.
