Dear Councillors,

I'm a resident of Ward 3 and work in Ancaster. Once again I am here to implore you to vote against expanding our urban boundaries.

You've heard it all before but it's crucial we keep our farmland to enable us to grow food in case of emergencies like a global shutdown. Wetlands are important to prevent flooding in already built homes. There are so many other important reasons to keep our rural environment.

You already decided we have enough room within our boundaries for the necessary housing for the next 2-3 decades.

The theoretical red tape is there for a reason, cutting it will only lead to disaster! Be the smart level of government and keep your current and future residents safe.

Sincerely,

Erica Hall
