To the mayor and councillors of the council of Hamilton, Ontario:

Hope this finds you well. I write as a life-long resident in this city, a tax-payer, and as a father of four children. I write to ask that you as a Council oppose the privately-initiated requests for an expansion of the city's urban boundary. Instead, I ask that you make it easier for legal, permitted building to occur within the city's boundary. Thank you for your time and attention in these regards and I look forward to your actions on them.

Kindly,

Joshua Weresch,
