Subject: Support for affordable housing at 70 Hope Avenue

Hello City Councillors,

I support the proposal to build affordable housing at 70 Hope Avenue.

The need for affordable housing in our city is still huge, and humans need safe roofs over their heads more than cars (or their owners) need asphalt or cement under their wheels.

The future character of our city is at stake. We do not want to more people couch surfing or living on the streets or losing their lives prematurely; or young people leaving the city because they cannot afford to live here.

Thank you,

Miriam Sager
