**Subject:** Support for climate/environmental programs in Budget

**External Email:** Use caution with links and attachments.

Good morning, Mayor Horvath, Councillor Wang, and all councillors.

I am writing to express my support for continued full funding for environmental, climate action, and sustainability programs in the 2026 budget. There are so many benefits to these programs - from using good design and building climate resilience to ensuring environmental protection. The positive impacts can go on for decades and generations to come. These investments also protect Hamilton and Ontario residents from future problems and their associated costs.

Please know you have my support to keep these programs fully funded and in place even during a time of fiscal restraint.

Thank you for your consideration,

Bethany Miller & Scott Davidson

Ward 4 residents
