To Mayor Horwath and Clerk, Hamilton

At a time when the federal government is focused on the economic survival and rebuilding of our country, it is important that levels of government such as Hamilton City Council retains support for the environments under their jurisdictions.

Please resist taking advantage of modified focus on our environment at the federal level in order to eliminate support for efforts that reduce environmental harm to people and damage to our communities.

Uphold support for Hamilton's environment. Do not drop the ball.

Thank you.

Colina Phillips
