To whom it may concern,

I am a Ward 3 resident and I am concerned to hear that there are city councillors trying to cut funding to Main St safety investments, cycling infrastructure, the Climate Change Reserve, and the Office of Climate Change Initiatives. I do NOT support reducing funding to these projects in any way. The looming effects of climate change are undeniable and we need to be doing everything we can to mitigate the effects on our city, particularly to its most vulnerable residents.

Claudia Wong
