Subject: NO CUTS TO CLIMATE ACTION

External Email: Use caution with links and attachments.

As a resident of Hamilton in Ward 3 and a voter, I DO NOT support cuts to climate action and cycling initiatives in the 2026 budget! I have a young son, and we often cycle around the city through all seasons so it is imperative that cycling infrastructure is properly planned and maintained. I would like to also point out that Hamilton spends much much more in road maintenance per square kilometer. It's time to encourage different forms of transportation.

But more importantly, I find it incredibly hard to believe that anyone who has lived through the past few years, and paid attention to the news, could ever even think of defunding climate action! This is the time to act, not the time to delay or deny.
