Dear Andrea Horwath,

Thank you for everything that you have done so far.

I very strongly support climate action, protecting Hamilton's environment, expanding cycling and transit, increasing tree cover and biodiversity.

You know that councillors will submit motions to cut funding and staffing from programs aimed at boosting biodiversity, urban tree canopy, home retrofits, and many other initiatives which make life worth living.

These programs are tiny expenditures and instead of cutting them the city should be expanding them to make every part of Hamilton a better place to live.

Please do what is right for the people.

Thanks, Dave.
